

Guest speaker: Jane Bunn

PRESENTER NAME: CLEYARA

What was the excursion?

- All of the student leaders in 2024 were invited to a special event in Melbourne City as part of the Melbourne Convention Centre excursion for National Leaders' Day held by Halogen. We had the opportunity to meet four well-known individuals and heard about their life stories to gain insight into their experiences. Jane Bunn, Anastasia Woolmer, Bryce Klein, and Melissa Barberi are the four famous people.

What did your chosen guest speaker speak about?

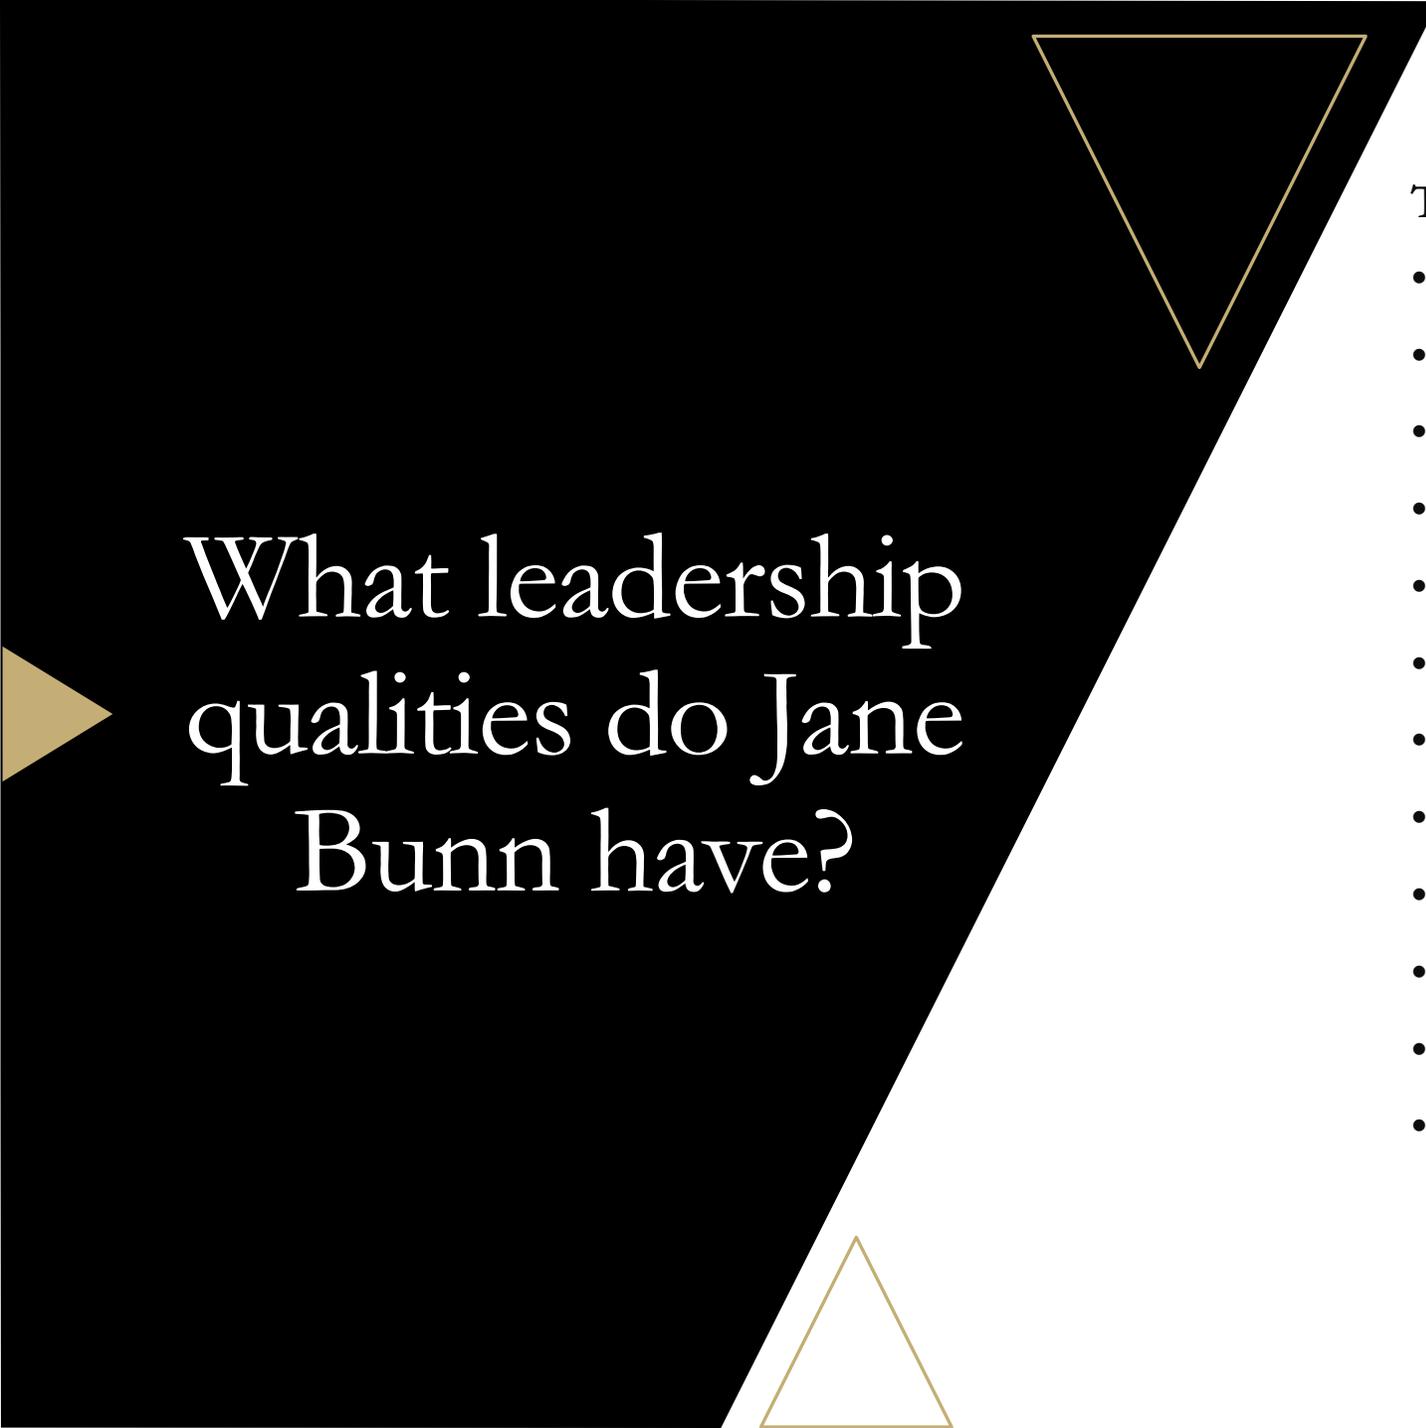

Jane Bunn as the speaker speaks about her story of her life about eighteen years of expertise predicting the weather in both Australia and that she is a highly skilled meteorologist. She was talking about how she was young on her first day of the weather news when she was nervous. Jane's excitement when she gets to meet all the young student leaders listening to the challenges that she faced recently. She spoke about how she participated in the evening news, as well as unique national bulletins and events, as the resident weather forecaster and presenter for Channel 7 Melbourne. Jane Bunn talked about her first storybook called "Storm" which she published on the 1st of August 2023. At the end of her speech, she talked about how Jane is also the creator and CEO of the internet weather app called "Jane's Weather".

What did I learn from Jane Bunn?

I discovered that I could become anything I wanted to be. Even though she is a mother of a child, she puts in a lot of effort to demonstrate that you can pursue your true passions if you work hard enough. I learnt from her words saying if you choose a career you love, you'll never have to work a day in your life so that's why Jane Bunn is living the dream as meteorologist.

How does this impact your leadership skills at St Mary's and beyond?

Jane has traits that will boost my self-esteem. She was speaking so confidently on stage at the Halogen event, and I was inspired by the way she carried herself in front of hundreds of young students, to try and get over my own anxiety and fear of public speaking. Jane is a self-assured woman who is always prepared to talk on live news. She can read carefully, talk clearly, and know what to do in any situation. If she makes a mistake that no one hears, she can rectify it as fast as possible. Jane is proud of her amazing career and says she had a great time working there.

Thank You !!
