NYLD

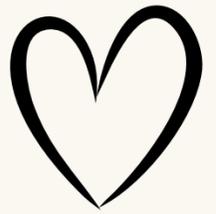

EXCURSION

JANE BUNN

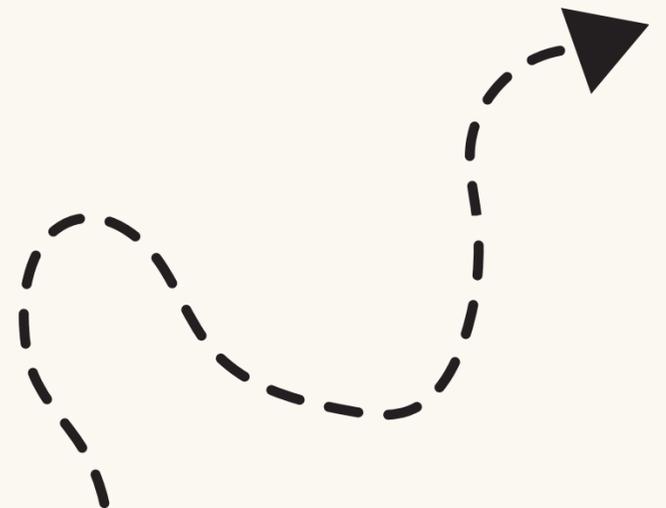

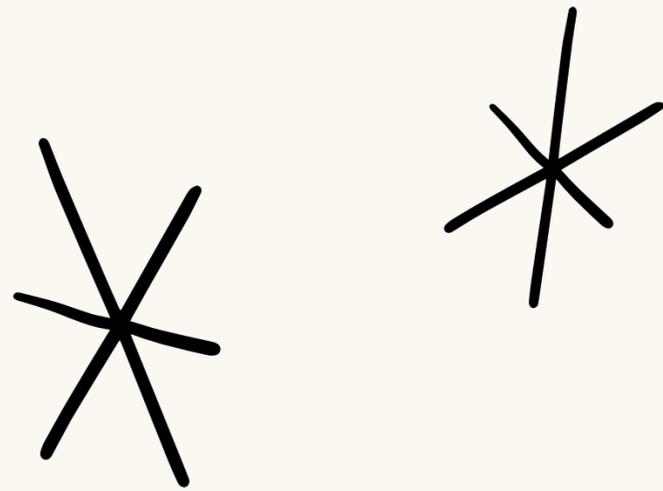

Jane Bunn

Introduction

Jane Bunn is a well respected meteorologist for 7 News Melbourne. Her face is easily recognisable anywhere, she went to Firbank Grammar School in Brighton

What was the excursion?

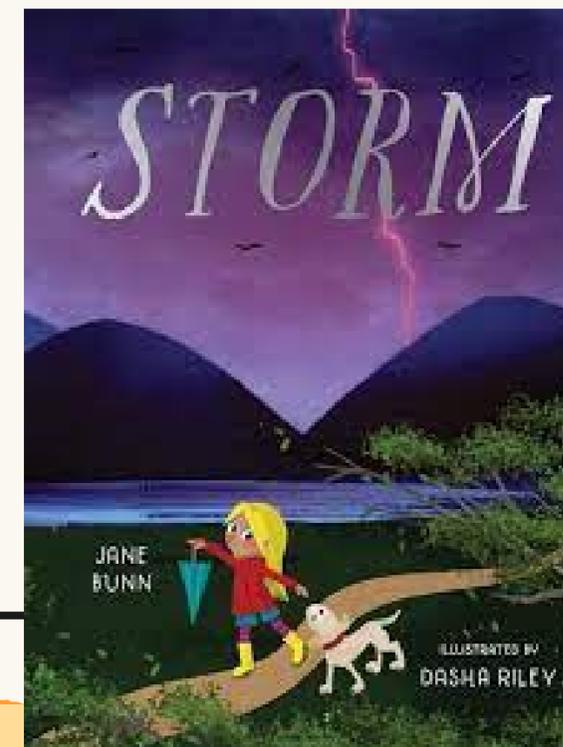

Our 2024 student leaders went on an excursion to the city. We went to Melbourne Convention Centre for National Young Leaders Day held by Halogen where we got to meet and hear stories from 4 famous people (Anastasia Woolmer, Bryce Klein, Jane Bunn and Melissa Barbieri)

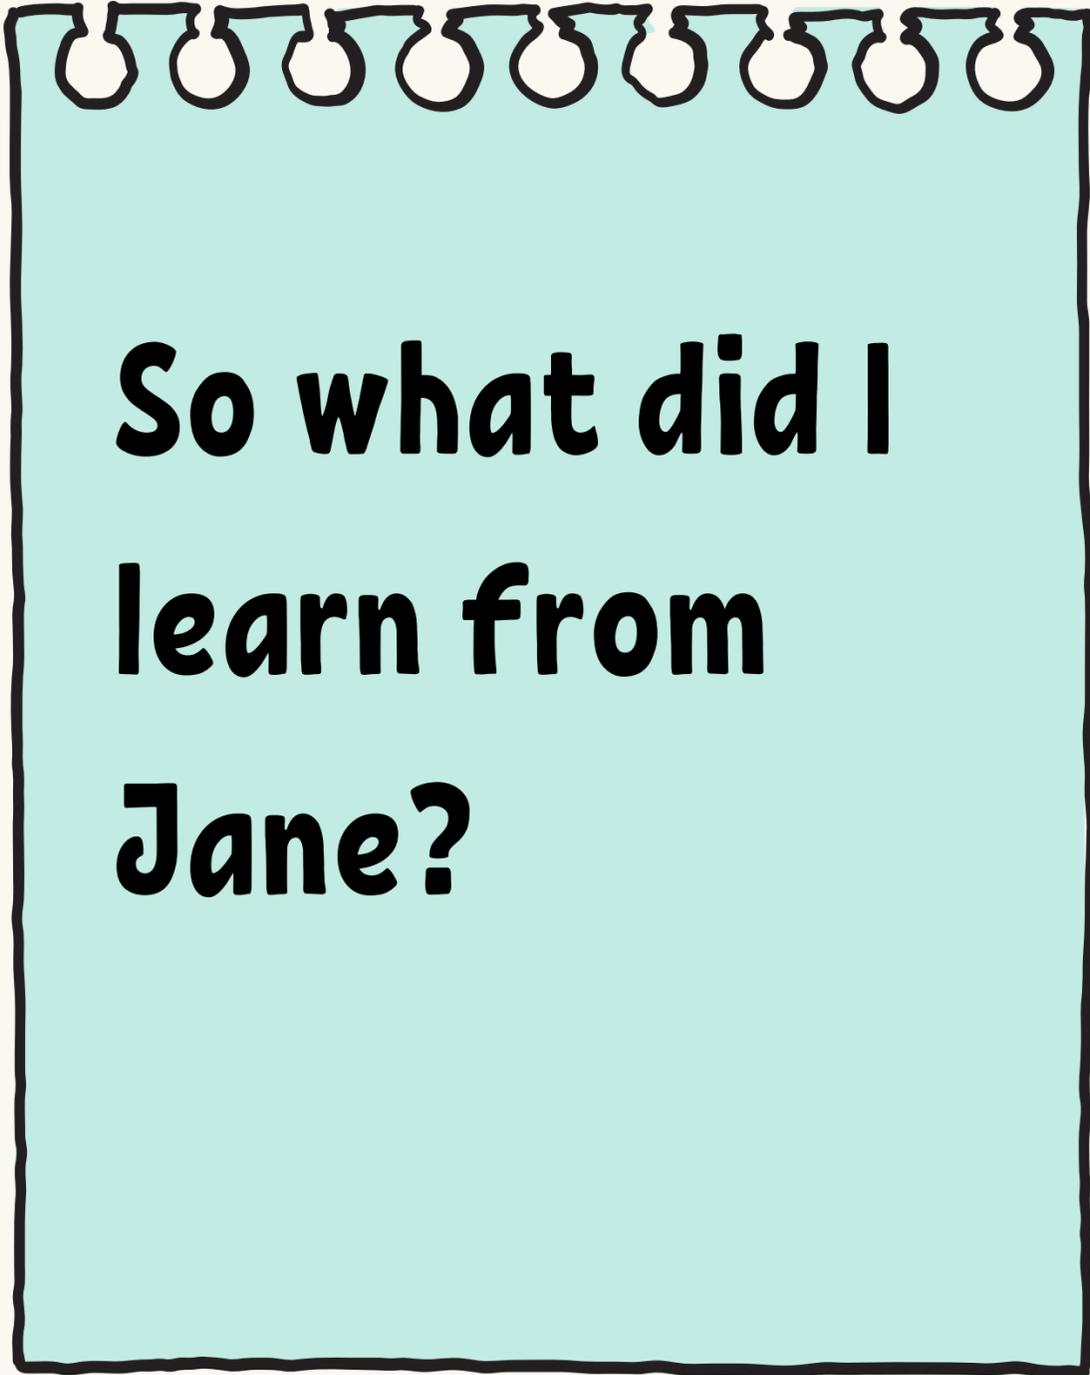

▶ Jane talked about her experience on TV as a news weather presenter and the challenges she faced she is currently facing. She talked about how she wrote her book, Storm which she published on 1st of August 2023. She asked the group if they had any questions afterwards.

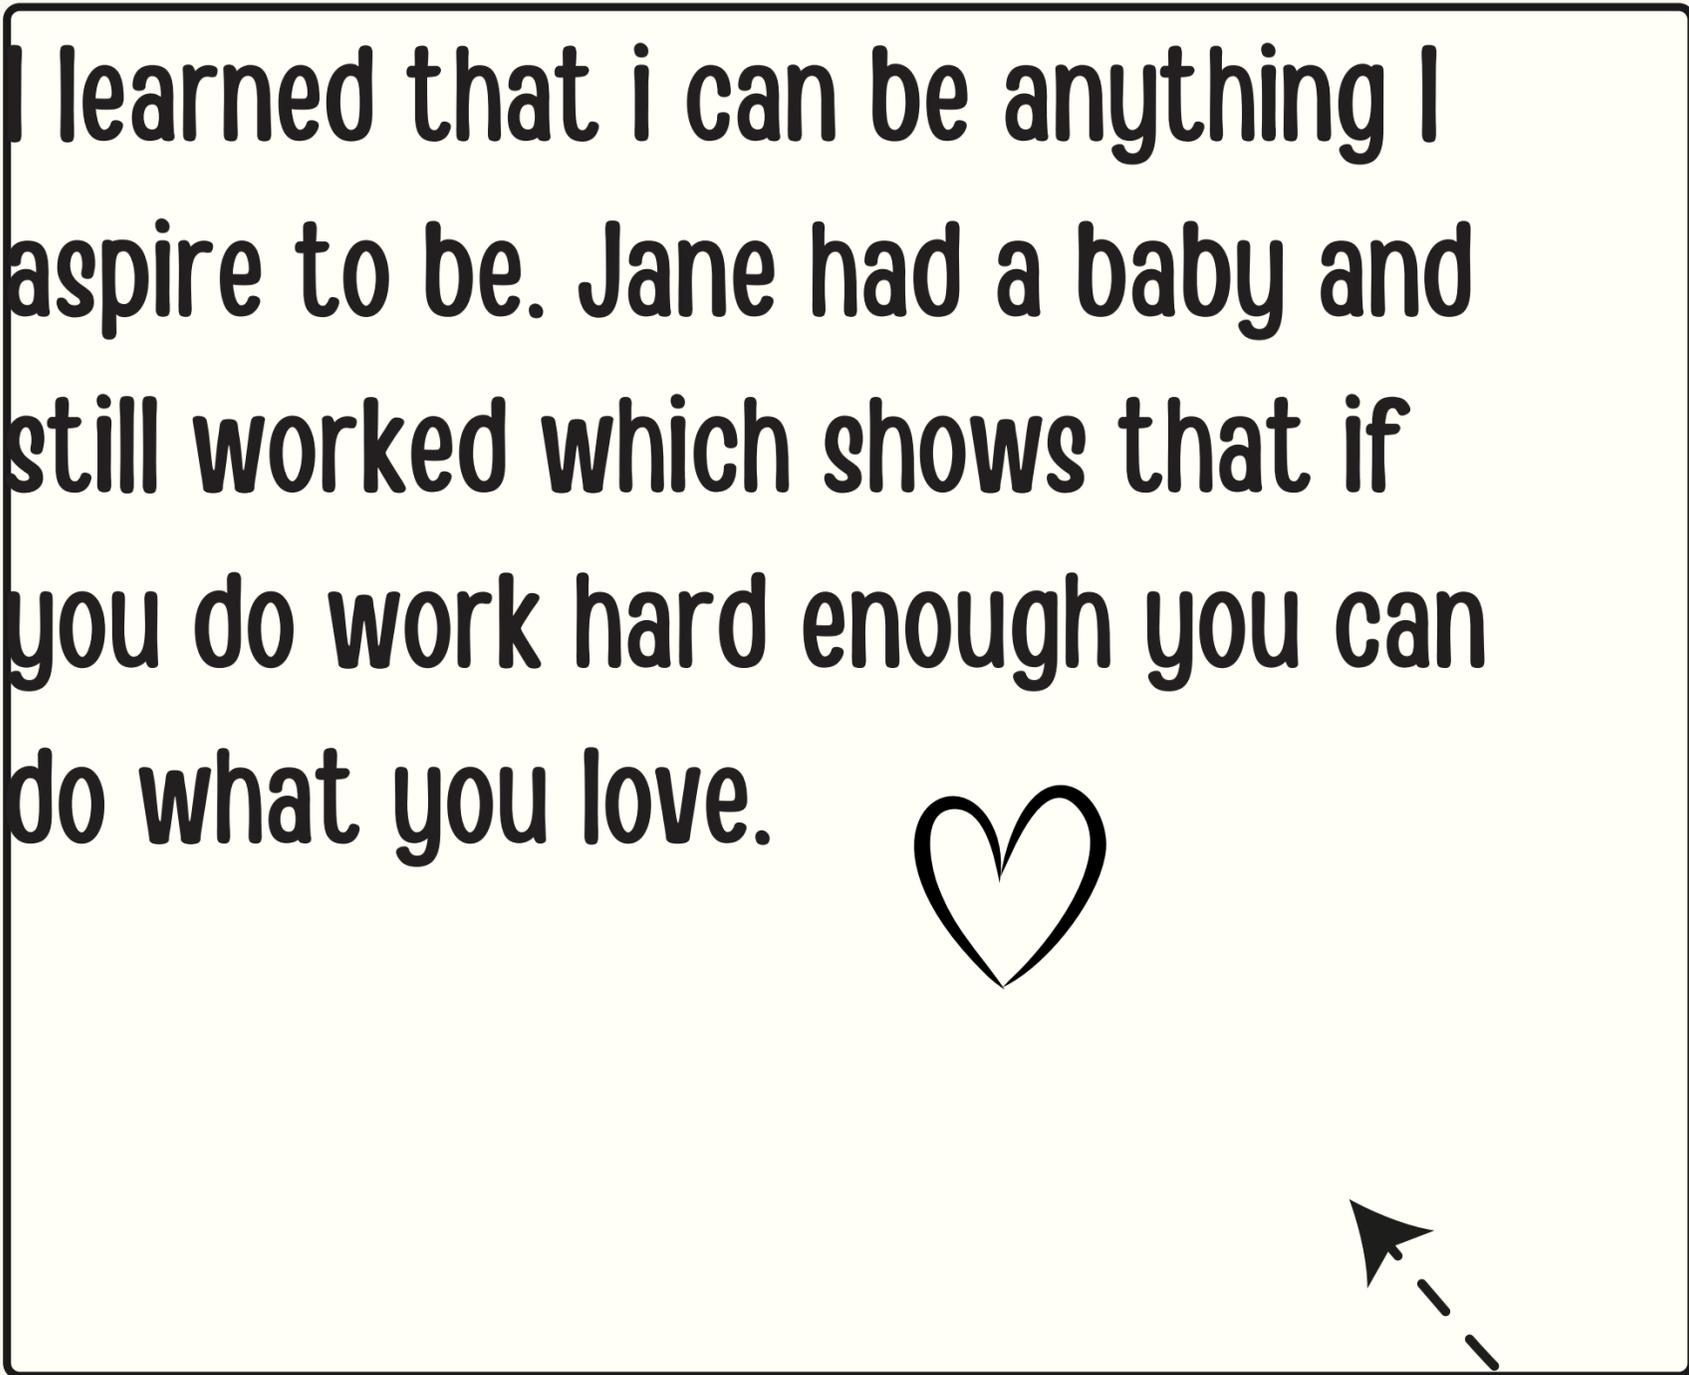

**WHAT DID
JANE BUNN
TALK ABOUT?**

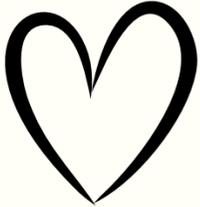

**So what did I
learn from
Jane?**

I learned that i can be anything I
aspire to be. Jane had a baby and
still worked which shows that if
you do work hard enough you can
do what you love.

Jane's LEADERSHIP QUALITIES

SO HOW DOES THIS AFFECT MY LEADERSHIP SKILLS AT ST MARY'S?

Jane's qualities can help me improve my confidence. The way she spoke on stage so confidently made me motivated to try and overcome my fear of public speaking and anxiety

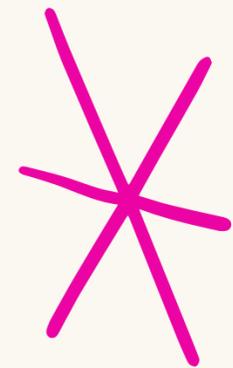

She is always confident and ready to speak on the news every single night. She knows what she needs to do and she embraces it, she has fun doing the job she
